

### **Styrene-isoprene Block Polymer SIS**

Layo offers a new material named Styrene-isoprene block polymer SIS, we have been working with a qualified Chinese supplier with very competitive prices, and we successfully supplied to some well-known brands in Europe. Our team is responsible for all financial / document / shipment follow-up. In addition, our team does things according to the preferences of each customer, because we know that each company has different rules or policies. LAYO continually strives to offer competitive pricing and on-time delivery while maintaining stringent standards of quality.

Layo provides high-quality **Styrene-isoprene block polymer SIS**, has established a stable multi-supply chain with qualified manufacturers, and we are able to serve our customers in a smart, flexible and efficient way.

China based supplier of **styrene/isoprene block copolymer SIS**. It is one of popular elastomers which used in hot-melt adhesives and pressure-sensitive adhesives, by using such additives in processing of nonwoven fabric, performed a unique elasticity in finished products.

### **Product Features**

**Styrene/isoprene block copolymer SIS** with below common characteristic:

Acts like vulcanized rubber without undergoing vulcanization

Superior thermal stability

Superior adhesion

Eco-friendly, non-toxic and recyclable

Use of solvent generally not required

If you have any interest on specific item, please reach us for a TDS

### **Product Specifications and Applications**

China based supplier of styrene/isoprene block copolymer SIS. Below the specifications:

Standard packing with pallets, 20kg per bag, 18 bags per pallet

### **Application**

Glue, adhesive tape, labeling, hot-melt adhesive, Plastics modification, Asphalt modification, Hygiene products, Packaging
